

KWICK JOURNEY

K1129

A TRUE ALLROUND TALENT

WHAT'S NEW

- » E-Bike ECE-R75 certified for up to 50km/h and reflective stripes have been added to the tire to increase visibility in dawn, dusk, and evening hours, making drivers aware of riders at greater distances.

A true all-round talent

The Kwick Journey was designed for all the roads your journey will lead you on. Built to last with a reinforced sidewall and K-Shield or K-Shield Plus protection and approved for use up to 50km/h, this tire is truly made for your journey.

Rider profile

Always on the road and no time for flats? From bike path to city streets, townline to town square, there is no route that you cannot take with this fast rolling and reliable trekking tire.

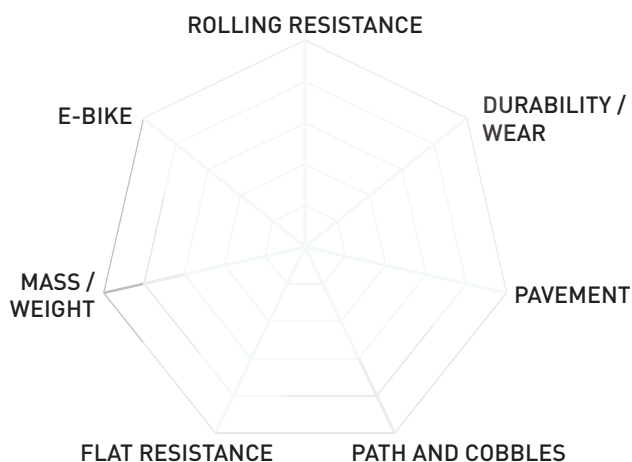

HIGHLIGHTS

- » **Flat resistant** - K-Shield and enhanced K-Shield Plus options available for reliable puncture protection.
- » **Riding confidence** - Deep sipes for water channeling in wet conditions and knurled shoulder knobs for cornering confidence.
- » **E-bike ready** - This tire was certified according to ECE-R75 norm and is approved for use on e-bikes up to 50 km/h.
- » **Be seen** - Reflective tape across sidewalls for better nighttime visibility.
